Hello to All Members

I hope everyone had a nice relaxing time over the Christmas/New Year break. I certainly did, but am feeling the pinch a bit now which probably reflects the new moon eclipse falling on my birthday, plus the line up of planets in Capricorn including Saturn conjunct my sun. These things are sent to try us!

Anyway back to business. We have seven events planned for the year. We have only three definite bookings at present.

We are fortunate to have Nicola Smuts-Allsop for a four hour workshop on 24th February on Fertility Astrology. She has recently released her book 'Fertility Astrology' which will be available on the day.

Over the following months we have Rick Boyd presenting 'Edgar Cayce's Astrology'. Cayce the psychic was very much into astrology and details of the talk will be in a future newsletter.

We also have Jeanette Lewis-Hill doing two new talks. First she will be presenting 'The Twelve Tribes' and then later in the year, 'The Medieval Humours'. I don't know much about these talks but they sound fascinating.

Some of our committee members are actively pursuing Eastern State's speakers to fill our remaining slots.

On our short list we have Marie and Joy, Cate Whelan, and Ann Elizabeth from South Australia; Peter Burns and Alison Feiner from Victoria; and locally we are pursuing Zane Stein and Sam Bakewell.

So we do hope to provide an interesting array of speakers for you. As your new president, I would love some feedback from you on what type of astrology presenters you would like us to invite. Please feel free to send me an email or catch up at one of our events. I would love to hear from you and there are some members I haven't had the pleasure of meeting yet.

Best Wishes to all.

Jeff Farrow,

President

OUR NEXT EVENT.....

FERTILITY ASTROLOGY

with Nicola Smuts Allsop

The modern medical world is ill equipped to address the malaise of the soul, and has no construct, nor vocabulary to fulfil the healing potential of narrative medicine, but psychodynamic therapies (of which astrology is just one) are poised to help change the narrative of the patient from one of dysfunction and disease, to rebirth and wholeness.

Join Nicola for a **4 hour fertility astrology workshop** on

SUNDAY 24th FEBRUARY

1pm to 5pm

at the South Perth Learning Centre

Discover the fertility narratives that are present in natal charts and find out how to access them and integrate them in your practice to assist those suffering from infertility.

Predictive techniques such as the Almuten of Pregnancy, triplicity phase rulership and Fixed Stars (among others) are discussed in detail.

Bring your own charts, and if you wish to discuss a third party chart in the session, please be sure to have permission to do so, and have a thorough understanding of the medical history of the chart in question so that we can fully explore the signatures and their impact on the person in question.

\$40.....CONCESSION (over 65 yrs)

\$45.....MEMBERS

\$50.....NON-MEMBERS

Nicola Smuts Allsop

Nicola is a consulting astrologer living in the United Kingdom. Originally from South Africa, she completed her first studies at the Rod Suskin School of Astrology in Cape Town, and completed a Diploma in Medieval Astrology with Astro Logos (Bernadette Brady) in the UK. Nicola has recently graduated from Canterbury Christ Church University, with a Master's Degree in Myth, Cosmology and The Sacred.

Author of the newly published *FERTILITY ASTROLOGY, A Modern Medieval Textbook*, Nicola has specialised in this field and has undergone fertility treatment herself. She is a mother of two adult children and can empathise and understand the pain and the desperation of trying to conceive.

Nicola lectures internationally on her fertility work and her research and methods in this field are pioneering and unique.

Her success in diagnosing fertility issues in charts and finding potentially fertile times to try In Vitro Fertilisation (IVF) and other reproductive treatments has been published in The Sunday Times (London), The London Times, and the Daily Mail. Her work has also been featured on national television (Free Spirit, Top Billing) in South Africa.

Many couples are extremely grateful to her for the valuable, time-saving advice and recommendations she is able to provide to maximise the potential for conception. Her practical knowledge of the process of IVF and other reproductive treatments is extensive, and her own personal experience of infertility makes her a compassionate and caring professional.

Using astrology, Nicola is also able to:

- Identify morphology/motility problems in the charts of men
- Describe the condition and quantity of egg production in women
- Describe the condition of the fallopian tubes and anticipate the likelihood of laparoscopy or surgery
- Identify thyroid or other endocrine factors that inhibit hormone development
- Identify certain psychological issues from the natal chart that might be inhibiting fertility in both men and women – this is most successful
- Select optimum times for couples to try IVF/other treatments – an average couple has up to three astrologically fertile times a year.

Clients can also consult Nicola on matters relating to their relationships and how to improve these, as well as on matters relating to their general health and well being. Obtaining a better understanding of ourselves and of the significant people in our lives helps to reduce the stresses that can make people ill, unable to sustain lasting relationships and thereby struggle to reach their full potential.

Nicola has developed an [app](#) which now enables more people to access her complex astrology and receive up to three potentially fertile times for the year ahead to conceive.

Nicola is 53 years old, is married and has two adult children, and is currently practicing from the UK, but also over the internet using [email and Skype](#).

During her time in Perth she will be available for private consultation on 25th February. Please make a booking prior to the workshop by emailing nicola.smuts@fertilityastrology.com.
